

HOUSTON MUSEUM  
*of* NATURAL SCIENCE

# **HMNS Summer Camp Social Story**

I am going to Summer Camp at the Houston Museum of Natural Science!

When I get dressed for camp, I'll wear comfortable clothes that might get dirty, closed toed shoes, and bring a jacket in case the classroom gets cold.

For lunch, I can bring food from home or buy lunch at the museum. I can also bring a snack and water bottle in case I need it during the day.

Every morning of camp, I will park and go to the Lower Level of the Museum, and my guardian will sign me into my camp classroom.

When I walk into the classroom, there might be a warm up activity, like coloring sheets, and I will meet some new adults and friends.

The classroom rules for summer camp are to listen carefully and follow instructions, participate in classroom activities, respect others, respect property, and have fun learning!

It may be loud in the classroom at times, but if I feel overwhelmed, I can ask a teacher to use headphones, ask for the sensory backpack, or take a break from our activity.

My teachers will help me throughout the day, and I should always listen and stay with them. They will tell me what we are doing each day of camp.

I will be in camp doing activities from 10:00am to 3:00pm. I may be signed up for Before Camp or After Camp, which means I get to stay longer at HMNS!

When I'm in camp, I will visit the exhibit halls and theaters, play and learn with friends, and participate in activities in the classroom and outside.

When it's lunchtime, we will eat in the classroom together while watching educational movies.

If something happens that upsets me, if I feel sick or sleepy, or if I have a question, I can always talk to the teachers, or someone in the Education Office.

At the end of the day, my guardian will pick me up from camp! I had a lot of fun learning new things at HMNS Summer Camp!
